

AVIATORS HAVE
LUCKY ESCAPESSeries of Accidents at Chicago
Air Demonstration.

MACHINES DROP INTO LAKE

Spectators Thrilled With Excitement
as One After Another Some Mishap
Occurs to Various Machines—Bird-
men All Escape Injury, Though Sev-
eral Aeroplanes Are Damaged or
Destroyed.Chicago, Aug. 15.—A series of ac-
cidents, any one of which might easily
have proved fatal, kept the spectators
at the third day of the international
aviation meet here in excitement.Two machines swooped into Lake
Michigan, whence their drivers, Rene
Simon and Lee Hammond, were res-
cued by motor boats, calm and col-
lected, but mourning the loss of their
machines.Earl Ovington, driving a new bi-
plane, grazed too close to one of the
pylons marking the end of the course.
One plane of his machine was wrecked
and the plane started to fall. By
sticking to the car, however, Ovington
managed to force the engine into
action and the biplane glided to the
ground. Ovington was uninjured, but
it was necessary to add a new plane
to his machine.J. A. D. McCurdy, flying near the
ground, approached too near the club-
house of the Chicago Yacht club. The
planes of his car struck a number of
high voltage electric wires running to
the clubhouse and in a minute the
canvases and oil-covered wood of the
planes were on fire. McCurdy leaped
to the ground uninjured. The plane
fell a few minutes later, destroyed by
the flames.

Police Guard Broken Wires.

The wires, cut by the plane and
trailing over the free seats in which
20,000 persons were seated, were sur-
rounded by a cordon of police and
guarded until electricians repaired the
damage.Simon's drop into the water was
more sensational, although possibly
less serious than McCurdy's expe-
rience. The French aviator had had
trouble, the engine working badly.
While flying over the water a mile
from shore the engine stopped and the
plane glided into the lake. It re-
mained upright, the broad plane hold-
ing all but the lower wheels out of
water.Simon, carrying for a life preserver
an inflated automobile tire, as do all
aviators, was in no immediate danger
and when offered aid from the hydro-
plane which had been flying near re-
fused to leave his machine.With the aid of the hydroplane Si-
mon's engine was started and he left
the water as gracefully as a wild
duck.A minute later his craft fell again,
this time overturning. Guards in a
motorboat who rushed to rescue Si-
mon found him perched on the re-
mains of his plane, cheerfully smok-
ing. He was taken to land in the mo-
torboat and the aeroplane was towed
ashore.Lee Hammond fell nearly 300 feet
in his biplane, made a high dive as
the machine reached the water, and
swam for half a mile to meet the res-
cuing motorboat. The plane floated a
few minutes and then sank in 100 feet
of water.

SOCIALIST SECRETARY QUILTS

Action Follows Attack on His Per-
sonal Character.Milwaukee Aug. 15.—J. Mahlon
Barnes, secretary of the National So-
cialist party, has resigned. His
resignation was tendered to the na-
tional executive committee, now in
session in Milwaukee. According to
statements of members of the com-
mittee the resignation will be ac-
cepted.Mr. Barnes' action followed an at-
tack on his personal character made
by a lawyer and a preacher in Chi-
cago, personal enemies of Mr. Barnes,
according to the statements of Barnes'
friends on the executive committee.

ROAD REFUSES MEN A RAISE

Southern Pacific Will Make No Con-
cession in Shop Rules.San Francisco, Aug. 15.—At a con-
ference here between officials of the
Harriman lines and a committee rep-
resenting the Federation of Shop Em-
ployes, E. E. Calvin, general manager
of the Southern Pacific, informed the
committee the railroads could make
no concessions in wages or shop rules."We have made numerous increases
in the last few years in the wages of
all our craftsmen," said Calvin.
"These increases have averaged 12½
per cent to every shop employee in our
service.""Feeling that what we have done is
right we intend to stand upon the po-
sition we have taken and we cannot
consider any wage increase."

Big Hats in Church Illegal.

Atlanta, Ga., Aug. 15.—A bill mak-
ing it a misdemeanor for a woman to
wear in church a hat more than two
feet wide was introduced in the Geor-
gia legislature by Senator Edwards.
It was referred to the committee on
morality and hygiene.SOLDIERS FIRE
UPON STRIKERSRioting Becomes Far More Se-
rious at Liverpool.

GENERAL STRIKE IS ORDERED

Committee Calls Out Transport Work-
ers and Railway Men and Ship Own-
ers Proclaim Threatened Lockout of
Thirty Thousand Men—Seven Thou-
sand Dockers Walk Out at Birken-
head.Liverpool, Aug. 15.—The troops
were compelled to fire on a mob of
strikers here. Bayonet charges also
were made upon the disorderly ele-
ment.The strike committee declared a
general strike of all transport work-
ers, including the railway men, who
up to the last, had refused to go out.
The strike will be effective on all the
local steamboats and the Mersey
ferries. Seven thousand dockers
struck at Birkenhead.During the day the lockout threat-
ened by the ship owners became ef-
fective and 30,000 men were refused
employment until they decide to abide
by the terms of a recent agreement.There has been much disorder in
both Liverpool and Birkenhead and
the police were constantly in conflict
with disorderly crowds.The plateau in front of St. Georges
hall, where the rioting started Sunday,
became impassable because of the
great crush of workmen. There were
frequent stampedes following the
orders of the police to disperse the
crowds. Several fires, believed to
have been of incendiary origin, oc-
curred. The most serious was at the
offices of the shipping federation, which
were gutted by the flames.Although no rioting has taken place
the tension is so great that the small-
est incident might serve to start
trouble.A watch committee has been formed
and is enrolling volunteers to act as
special constables.

NOT TO PRESS ARBITRATION

President Decides to Let Matter Go
Over Until Regular Session.Washington, Aug. 15.—President
Taft has about decided not to press
the senate to ratify the arbitration
treaties at the special session of con-
gress. After his return from Beverly
the president learned that an attempt
to have the senate act favorably on
the pact at that time might result in
long debate and that finally they might
be agreed to only in modified form.He was informed that many sena-
tors had taken umbrage at his speech
at Mountain Lake park last week, ask-
ing for the moral support of the peo-
ple to force the senate to act on the
treaties. Rather than antagonize sena-
tors and render the chance of ratifica-
tion less certain the president is un-
derstood to have reached the conclu-
sion not to make a fight for them at
present.

TWO NEW STATES ASSURED

Democrats to Frame Resolution Un-
objectionable to President.Washington, Aug. 15.—That the
Democrats are determined to force
through a statehood bill at the pres-
ent session of congress was made
manifest when it was learned that de-
spite the contemplated veto of the
president of the Flood resolution an
effort would be made to bring Arizona
and New Mexico into statehood.A plan, it is said, has been evolved
whereby the Democrats will prepare
a new bill and rush it through, which
will eliminate the recall feature. It is
not likely that a veto could be over-
ridden in both branches, but whether
or not it is evident that votes enough
are at hand to adopt a new resolution
unobjectionable to the president.

ADOPT CONFERENCE REPORT

Thirty Western Republicans Join Dem-
ocrats on Wool Bill.Washington, Aug. 15.—Thirty West-
ern Republicans, among them seven
from Minnesota, joined with the Dem-
ocrats in passing the conference re-
port on the La Follette-Underwood
wool bill in the house of representa-
tives. The measure was passed by a
vote of 206 to 90.Representative Stevens of St. Paul
was the only member of the Minne-
sota delegation to vote against the
wool bill.

JAIL CELLS ARE DEATH HOLES

So Chicago Assistant Chief Tells Vis-
iting Business Men.Chicago, Aug. 15.—Designating
many of the cells as "death holes,"
Assistant Chief of Police Schuetler
accompanied a committee represent-
ing the Chicago Association of Com-
merce on a tour of inspection through
the city's police stations.Six stations visited were declared to
be unsanitary and unfit for use, while
several of the new buildings were
found to be in good condition.

A. J. EARLING.

Inspects Proposed New
Montana Railroad Line.

ROCKEFELLER IN MONTANA

Standard Oil Head Inspects Proposed
New St. Paul Line.Great Falls, Mont., Aug. 15.—Will-
iam Rockefeller, active head of the
Standard oil corporation, President
Earling of the St. Paul railroad and
members of the directorate of that
road traveled by automobile from
Lewiston to this city for the purpose
of inspecting the line through which
it is proposed to bring the main
branch of the St. Paul road to the
Puget sound. The party, after meet-
ing a few of the representative men
of the city, left in their special train
for the West."The half seems never to have been
told," was a remark by Mr. Rockefel-
ler, when talking about how this
section of Montana impressed him.
He was extremely enthusiastic about
the country and said he was very fa-
vorably impressed with the many evi-
dences of wealth, both present and
prospective.CASHIER IS ACCUSED
OF EMBEZZLEMENTExaminers Close State Bank at
Cobden, Minn.Sleepy Eye, Minn., Aug. 15.—Charg-
ing Rollin M. West, cashier of the
Cobden State bank, with the embe-
zlement of \$9,787.04, State Bank Su-
perintendent Kelsey N. Chase had
West arrested.The act was due to the findings of
Deputy Examiners Brandvold and
Snyder, who made an examination of
the bank's condition Saturday.The bank was closed for business
and is in the hands of Deputy Brand-
vold.From the results of the investiga-
tion it is said that funds have been
systematically taken from the bank
for a year.Mr. West's predicament is said to
be due to the fact that he was an ex-
tensive dealer in automobiles. It is
charged that in his capacity as cashier
of the bank he used the funds of the
institution to keep up the automobile
business and carry the notes which he
had accumulated as a result of sales.West's hearing was held and he
waived examination and was bound
over to the December grand jury.West has been cashier of the bank
for three years, has a wide acquaint-
ance in this vicinity and has general-
ly been popular.All of the depositors of the closed
bank will receive their deposits in full
and the bank will be reopened as soon
as the state officials complete their
examination and make their final re-
ports.

Girl Killed by Lightning.

Sparta, Wis., Aug. 15.—Laura Han-
son, aged fifteen, daughter of Anton
Hanson of Angelo, near Sparta, was
struck by lightning and instantly
killed during a severe thunder storm.
The girl was sitting up in bed when
the bolt struck. Her mother, who
was down stairs, was rendered uncon-
scious by the shock.

Pope Pius Is Not So Well.

Rome, Aug. 15.—Pope Pius is not so
well. His sleep has been less tran-
quil and he twice awoke, complaining
of pains in the affected knee. His
temperature also has slightly in-
creased.

Wickersham Record Asked.

Washington, Aug. 15.—All records
and papers in connection with the re-
cent charges of Alaskan Delegate
Wickersham were asked for from the
department of justice in a resolution
adopted by the house. The resolution
was offered by Representative Clayton
of Alabama, chairman of the judiciary
committee.

Woman Accused of Murder.

Marquette, Wis., Aug. 15.—Mrs.
Mary Wetewski, forty-six years old,
is in jail here charged with the mur-
der of her husband, a resident of
Pound, Marquette county, last Wednes-
day. A death certificate had been is-
sued, but the sheriff became suspi-
cious and had a postmortem examina-
tion made. It disclosed that Wete-
wski's skull was badly crushed, as
though by a powerful weapon.EXTRA SESSION
BOOSTS BOOMSTalk About Champ Clark Alarms
Other Candidates.

IOWA FAVORS MISSOURIAN.

Governor Wilson of New Jersey and
Governor Harmon of Ohio Seem to
Be in the Lead, and Their Friends
Say They Are Still Making Head-
way—Mann Prods Leader Underwood.

By ARTHUR W. DUNN.

Washington, Aug. 15.—[Special.]—
The last part of the extra session
shows an effort on the part of differ-
ent men to boost the presidential
booms of their favorites. Beyond
question the talk of the past four
months about Champ Clark has quite
seriously alarmed men who were
pledged to other candidates, and con-
sequently we see strong efforts put
forth to show that both Governor Har-
mon and Governor Wilson are still
making headway despite the good re-
cord which Speaker Clark has made in
the second most important office of
the country."If Champ Clark would announce
his candidacy he would get the Iowa
delegation," remarked N. F. Reed,
chairman of the Democratic commit-
tee of that state. He went on to say
that as Iowa and Missouri were nei-
ghors the people of Iowa were inclined
to favor a Missourian."The two prominent candidates are
Harmon and Wilson, with Harmon
predominating," remarks Congressman
Ben Cravens of Arkansas, speaking of
the sentiment of his state. He says
there is some talk of Champ Clark, so
it would seem that neighboring states
make little difference as to presi-
dential sentiment.

Uncle Shelby Now Dean.

Uncle Shelby M. Cullom is now dean
of the senate. He is the oldest sena-
tor and has had the longest service.
For a quarter of a century he and the
late Senator Frye sat side by side in
the senate. During the past ten years
both passed beyond the real activities
of senatorial life, although they were
held in high esteem by their col-
leagues.

Had Fun With Oscar.

No doubt Minority Leader Mann is
somewhat disappointed because he has
not been able to score as often as he
hoped on Majority Leader Underwood.
He gets an inning once in awhile. Un-
derwood had told in his denunciation
of Bryan how he had been overruled
by the ways and means committee
when he wanted to revise the iron and
steel schedule. This gave Mann his
chance."We might be led to assume," said
Mann, "from the modesty of that
statement that the gentleman from
Alabama was the least of all on the
Democratic side. Why, Oscar Under-
wood is not only the leader of the
Democratic majority, but he is the
chairman of the ways and means
committee; he is the committee. When
he describes himself as overruled by
the Democratic members he is too
modest. He is 'it,' in the language of
the day.""Concerning some divisions among
Republicans, I can foresee the beau-
tiful harmony that will exist among the
Democrats of the country, with Oscar
Underwood on one side and Mr. Bry-
an on the other, pulling hair and call-
ing each other liars."

Son of Matt Carpenter.

Senator Dillingham of Vermont was
introducing a big, handsome man to
his friends in the senate last week as
"Judge Carpenter, my nephew." Sena-
tor La Follette was presented and
enthusiastically remarked, "You ought
to be entitled to the privileges of the
floor of the senate on account of your
father." The judge was from Wis-
consin and is a son of Matt Carpenter,
once regarded as among the greatest
men of the senate.

Putting It Mildly.

"We must not overlook the impor-
tant fact," said Congressman Crum-
paker while urging a tariff commis-
sion to revise the tariff rather than
congress, "in determining matters of
legislation that the country looks
upon congress—I will not say with
discredit, but with a little bit of al-
lowance. Congress is regarded as an
aggregation of statesmen with a ten-
dency to operate politics on the side."
This is a very mild and diplomatic
way of acknowledging that there is
distrust of congress.

Watson Barred Out.

Senator Watson stood before the
main door of the house in a helpless
sort of way. There was a "rail of
the house," and the door was locked.
The new man on the door could not
tell him how to get in, but a friend
coming by saw the situation and pi-
loted the West Virginia senator to
the lobby, where members were com-
ing and going at will. Watson gained
entrance without difficulty.

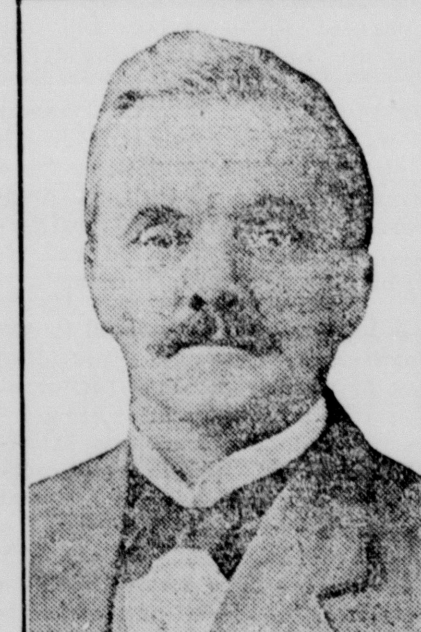

"We Never Get Old."

Two grizzled veteran employees of
the capitol and several middle aged
men met and exchanged greetings.
"I haven't seen you in many years,"
said one, "but you don't seem any
older.""We never get old," replied one of
the veterans. "It is only you younger
men that get old. We stopped growing
old many years ago."

Learning by Heart.

The art of assisting memory by
"learning by heart" was begun by
Simonides the younger in 477 B. C.

G. W. NORRIS.

Accuses Administration of
Meddling in Nebraska Fight.

NEBRASKA SENATORIAL FIGHT

Norris Accuses Administration of Tak-
ing Sides.Washington, Aug. 15.—An ugly sit-
uation is developing as a result of al-
leged interference by the administra-
tion in the senatorial situation in Ne-
braska. Representative George W.
Norris of Nebraska, who led the re-
volt in the house against Speaker Can-
non in February, 1910, is a candidate
for the seat against Norris Brown,
whose term will expire in March, 1913.Friends of Mr. Norris insist that the
administration is taking sides in the
contest. It is pointed out that James
Wilson, secretary of agriculture, has
accepted an invitation to deliver an
address at the Nebraska state fair in
Lincoln early in September.Mr. Norris concedes that it is not
unusual for the secretary of agricul-
ture to appear at state fairs, but there
is a sinister reason behind this par-
ticular visitation, according to his way
of thinking. Mr. Norris voted against
Canadian reciprocity; Senator Brown
voted to uphold this administration
measure. It has been announced that
Secretary Wilson, in his Lincoln ad-
dress, will present the beauties of Can-
adian reciprocity in glowing terms.BREAKS RECORD FOR
ONE DAY'S FLIGHTAviator Atwood Reaches Chicago
From St. Louis.Chicago, Aug. 15.—By flying the 286
miles from St. Louis to Chicago with
only two intermediate stops and in an
actual flying time of 5 hours and 43
minutes, Harry N. Atwood of Boston
believes he has set a pace which will
result in his establishing a new re-
cord.As it is Atwood appears to have bro-
ken the American record for a single
day's flight. The best previous Ameri-
can record was made by Atwood him-
self when he flew 148 miles, from At-
lantic City to Baltimore, July 10, 1911.
The best international cross country
record is held by Andre Beaumont,
who in the Paris-Rome contest cov-
ered 401 miles in a single day, but he
made three landings, while Atwood
landed only twice between start and
finish.Atwood, in a Burgess-Wright bi-
plane, left St. Louis for New York at
8:05 a. m. He landed in Chicago at
6:10 p. m. His total time between St.
Louis and Chicago, counting the de-
lays occasioned by the two stops, was
10 hours and 14 minutes, but his ac-
tual time in the air, computed by de-
ducting the delays, was 5 hours and
43 minutes. This, Atwood asserts, is
3 hours and 12 minutes less than the
scheduled time for express trains for
the same distance.

HEAT FELT IN THE ARCTIC

No Ice in Bering Sea or Along the
Shores.Washington, Aug. 15.—The revenue
cutter fleet in Bering sea reports the
unusual heat of the last few weeks
has been felt in the Arctic.The flagship Bear, sailing home-
ward after a three months' cruise of
approximately 10,000 miles, reported
by wireless that there is no ice in
Bering sea or along the shores of
Alaska or Siberia. Such condition has
not been observed for several years.

An Extenuating Circumstance.

Rector—Ah, my dear Mr. Cumming,
glad to see you—glad to see you! But
why are you so rare a worshiper with
us? Cumming—Well, there's one
thing I can honestly say, doctor—yours
is the only church I ever go to.—
Brooklyn Life.

Canadian Pacific Dividends.

Montreal, Aug. 15.—The directors of
the Canadian Pacific Railway com-
pany, meeting here, declared a divi-
dend of 2 per cent on the preferred
stock and 2½ per cent on the common
stock for the quarter ended June 30.
Gross earnings of the railway and
steamship lines for the last financial
year were \$104,167,898 and net earn-
ings were \$36,699,978. After paying
all dividends for the year a surplus of
\$11,873,242 is carried forward.WILEY READY TO
TAKE THE STAND

BRYAN IS ON THE LOOKOUT

Will Inquire Into Records of Presi-
dential Candidates.Columbus, O., Aug. 15.—"I intend
to devote all my time between now
and the nomination to finding out
things about the candidates for the
Democratic nomination for president,"
said William J. Bryan to a large audi-
ence here."I know all the leading men in the
party; those who hindered and those
who have helped it. When the time
comes to name the man for the can-
didacy I will not be silent."
"I am going to give the Democratic
party all the information I possess
about the prospective campaign so it
may choose the right man for the head
of the ticket," said Mr. Bryan."I am not going to mention individ-
uals now. The country has many
available men. Recently I mentioned
some of the men I believe to be tol-
erable as political candidates and I
am as glad as I was then that the
Democratic is so fortunate as to have
so many."The men whom Mr. Bryan men-
tioned some time ago did not include Gov-
ernor Harmon."I intend to devote my time to
driving plutocracy from the throne
and putting the rights of man in the
seat," he said.Mr. Bryan was the guest of the Jef-
ferson club of Columbus at a big rally
and barbecue.

DEPLORE TARIFF ACTION NOW

National Business League Would Wait
Until Board Reports.Chicago, Aug. 15.—Directors of the
National Business league at a meeting
held here adopted resolutions deprecating
congressional action looking to-
ward any tariff revision until the tariff
board has completed its investigation
of the different schedules and report-
ed to congress.The resolution endorses the policy
of President Taft in regard to tariff
revision.

AVIATORS HAVE
LUCKY ESCAPESSeries of Accidents at Chicago
Air Demonstration.

MACHINES DROP INTO LAKE

Spectators Thrilled With Excitement
as One After Another Some Mishap
Occure to Various Machines—Bird-
men All Escape Injury, Though Sev-
eral Aeroplanes Are Damaged or
Destroyed.Chicago, Aug. 15.—A series of ac-
cidents, any one of which might easily
have proved fatal, kept the spectators
at the third day of the international
aviation meet here in excitement.Two machines swooped into Lake
Michigan, whence their drivers, Rene
Simon and Lee Hammond, were res-
cued by motor boats, calm and col-
lected, but mourning the loss of their
machines.Earl Ovington, driving a new bi-
plane, grazed too close to one of the
pylons marking the end of the course.
One plane of his machine was wrecked
and the plane started to fall. By
sticking to the car, however, Oving-
ton managed to force the engine into
action and the biplane glided to the
ground. Ovington was uninjured, but
it was necessary to add a new plane
to his machine.J. A. D. McCurdy, flying near the
ground, approached too near the club-
house of the Chicago Yacht club. The
planes of his car struck a number of
high voltage electric wires running to
the clubhouse and in a minute the
canvases and oil-covered wood of the
planes were on fire. McCurdy leaped
to the ground uninjured. The plane
fell a few minutes later, destroyed by
the flames.

Police Guard Broken Wires.

The wires, cut by the plane and
trailing over the free seats in which
20,000 persons were seated, were sur-
rounded by a cordon of police and
guarded until electricians repaired the
damage.Simon's drop into the water was
more sensational, although possibly
less serious than McCurdy's experi-
ence. The French aviator had had
trouble, the engine working badly.
While flying over the water a mile
from shore the engine stopped and the
plane glided into the lake. It re-
mained upright, the broad plane hold-
ing all but the lower wheels out of
water.Simon, carrying for a life preserver
an inflated automobile tire, as do all
aviators, was in no immediate danger
and when offered aid from the hydro-
plane which had been flying near re-
fused to leave his machine.With the aid of the hydroplane Si-
mon's engine was started and he left
the water as gracefully as a wild
duck.A minute later his craft fell again,
this time overturning. Guards in a
motorboat who rushed to rescue Si-
mon found him perched on the re-
mains of his plane, cheerfully smok-
ing. He was taken to land in the mo-
torboat and the aeroplane was towed
ashore.Lee Hammond fell nearly 300 feet
in his biplane, made a high dive as
the machine reached the water, and
swam for half a mile to meet the res-
cuing motorboat. The plane floated a
few minutes and then sank in 100 feet
of water.

SOCIALIST SECRETARY QUILTS

Action Follows Attack on His Per-
sonal Character.Milwaukee Aug. 15.—J. Mahlon
Barnes, secretary of the National So-
cialist party, has resigned. His
resignation was tendered to the na-
tional executive committee, now in
session in Milwaukee. According to
statements of members of the com-
mittee the resignation will be ac-
cepted.Mr. Barnes' action followed an at-
tack on his personal character made
by a lawyer and a preacher in Chi-
cago, personal enemies of Mr. Barnes,
according to the statements of Mr.
Barnes' friends on the executive committee.

ROAD REFUSES MEN A RAISE

Southern Pacific Will Make No Con-
cession in Shop Rates.San Francisco, Aug. 15.—At a con-
ference here between officials of the
Harriman lines and a committee rep-
resenting the Federation of Shop Em-
ployes, E. E. Calvin, general manager
of the Southern Pacific, informed the
committee the railroads could make
no concessions in wages or shop rates."We have made numerous increases
in the last few years in the wages
of all our craftsmen," said Calvin.
"These increases have averaged 12 1/2
percent to every shop employe in our
service.""Feeling that what we have done is
right we intend to stand upon the po-
sition we have taken and we cannot
consider any wage increase."

Big Hats in Church Illegal.

Atlanta, Ga., Aug. 15.—A bill mak-
ing it a misdemeanor for a woman to
wear in church a hat more than two
feet wide was introduced in the Geor-
gia legislature by Senator Edwards.
It was referred to the committee on
sanitation and hygiene.

A. J. EARLING.

Inspects Proposed New
Montana Railroad Line.

ROCKEFELLER IN MONTANA

Standard Oil Head Inspects Proposed
New St. Paul Line.Great Falls, Mont., Aug. 15.—Wil-
liam Rockefeller, active head of the
Standard oil corporation, President
Earling of the St. Paul railroad and
members of the directorate of that
road traveled by automobile from
Lewis to this city for the purpose
of inspecting the line through which
it is proposed to bring the main
branch of the St. Paul road to the
Puget sound. The party, after meet-
ing a few of the representative mem-
bers of the city, left in their special train
for the West."The half seems never to have been
told," was a remark by Mr. Rockefel-
ler, when talking about how this
section of Montana impressed him.
He was extremely enthusiastic about
the country and said he was very fa-
vorably impressed with the many evi-
dences of wealth, both present and
prospective.CASHIER IS ACCUSED
OF EMBEZZLEMENTExaminers Close State Bank at
Cobden, Minn.Sleepy Eye, Minn., Aug. 15.—Chas-
ing Rollin M. West, cashier of the
Cobden State bank, with the embez-
zlement of \$9,787.04, State Bank Su-
perintendent Kelsey N. Chase had
West arrested.The act was due to the findings of
Deputy Examiners Brandvold and
Snyder, who made an examination of
the bank's condition Saturday.The bank was closed for business
and is in the hands of Deputy Brand-
vold.From the results of the investiga-
tion it is said that funds have been
systematically taken from the bank
for a year.Mr. West's predicament is said to be
due to the fact that he was an ex-
tensive dealer in automobiles. It is
charged that in his capacity as cashier
of the bank he used the funds of the
institution to keep up the automobile
business and carry the notes which he
had accumulated as a result of sales.West's hearing and was bound over
to the December grand jury.All of the depositors of the closed
bank will receive their deposits in full
and the bank will be reopened as soon
as the state officials complete their
examination and make their final re-
ports.

Girl Killed by Lightning.

Sparta, Wis., Aug. 15.—Laura Han-
son, aged fifteen, daughter of Anton
Hanson of Angelo, near Sparta, was
struck by lightning and instantly
killed during a severe thunder storm.
The girl was sitting up in bed when
the bolt struck. Her mother, who
was down stairs, was rendered uncon-
scious by the shock.

Pope Pius Is Not So Well.

Rome, Aug. 15.—Pope Pius is not so
well. His sleep has been less tranquil
and he twice awoke, complaining
of pains in the affected knee. His
temperature also has slightly in-
creased.

Wickersham Record Asked.

Washington, Aug. 15.—All records
and papers in connection with the re-
cent charges of Alaskan Delegate
Wickersham were asked for from the
department of justice in a resolution
adopted by the house. The resolution
was offered by Representative Clayton
of Alabama, chairman of the judiciary
committee.

Woman Accused of Murder.

Marinette, Wis., Aug. 15.—Mrs.
Mary Wetelewski, forty-six years old,
is in jail here charged with the mur-
der of her husband, a resident of
Pound, Marinette county, last Wednes-
day. A death certificate had been is-
sued, but the sheriff became suspi-
cious and had a postmortem examina-
tion made. It disclosed that Wete-
lewski's skull was badly crushed, as
though by a powerful weapon.EXTRA SESSION
BOOSTS BOOMSTalk About Champ Clark Alarms
Other Candidates.

IOWA FAVORS MISSOURIAN.

Governor Wilson of New Jersey and
Governor Harmon of Ohio Seem to
Be in the Lead, and Their Friends
Say They Are Still Making Head-
way—Mann Prods Leader Underwood.

By ARTHUR W. DUNN.

Washington, Aug. 15.—[Special.]—
The last part of the extra session
shows an effort on the part of differ-
ent men to boost the presidential
booms of their favorites. Beyond
question the talk of the past four
months about Champ Clark has quite
seriously alarmed men who were
pledged to other candidates, and con-
sequently we see strong efforts put
forth to show that both Governor Har-
mon and Governor Wilson are still
making headway despite the good re-
cord which Speaker Clark has made in
the second most important office of
the country."If Champ Clark would announce
his candidacy he would get the Iowa
delegation," remarked N. F. Reed,
chairman of the Democratic commit-
tee of that state. He went on to say
that as Iowa and Missouri were neigh-
bors the people of Iowa were inclined
to favor a Missourian."The two prominent candidates are
Harmon and Wilson, with Harmon
predominant," remarks Congressman
Ben Cravens of Arkansas, speaking of
the sentiment of his state. He says
there is some talk of Champ Clark, so
it would seem that neighboring states
make little difference as to presi-
dential sentiment.

Uncle Shelby Now Dean.

Uncle Shelby M. Cullom is now dean
of the senate. He is the oldest sen-
ator and has had the longest service.
For a quarter of a century he and the
late Senator Frye sat side by side in
the senate. During the past ten years
both passed beyond the real activities
of senatorial life, although they were
held in high esteem by their col-
leagues.

Had Fun With Oscar.

No doubt Minority Leader Mann is
somewhat disappointed because he has
not been able to score as often as he
hoped on Majority Leader Underwood.
He gets an inning once in awhile. Un-
derwood has had in his denunciation
of Bryan how he had been overruled
by the ways and means committee
when he wanted to revise the iron and
steel schedule. This gave Mann his
chance."We might be led to assume," said
Mann, "from the modesty of that
statement that the gentleman from
Alabama was the least of all on the
Democratic side. Why, Oscar Under-
wood is not only the leader of the
Democratic majority, but he is the
chairman of the ways and means
committee; he is the committee. When
he describes himself as overruled by
the Democratic members he is too
modest. He is it, in the language of
the day.""Concerning some divisions among
Republicans, I can foresee the beau-
tiful harmony that will exist among the
Democrats of the country, with Oscar
Underwood on one side and Mr. Bry-
an on the other, pulling hair and call-
ing each other liars."

Son of Matt Carpenter.

Senator Dillingham of Vermont was
introducing a big, handsome man to his
friends in the senate last week as
"Judge Carpenter, my nephew." Sen-
ator La Follette was presented and
enthusiastically remarked, "You ought
to be entitled to the privileges of the
floor of the senate on account of your
father." The judge was from Wis-
consin and is a son of Matt Carpenter,
once regarded as among the greatest
men of the senate.

Putting It Mildly.

"We must not overlook the impor-
tant fact," said Congressman Crum-
paker while urging a tariff commis-
sion to revise the tariff rather than
congress, "in determining matters of
legislation that the country looks
upon congress—I will not say with
discredit, but with a little bit of al-
lowance. Congress is regarded as an
aggregation of statesmen with a ten-
dency to operate politics on the side."This is a very mild and diplomatic
way of acknowledging that there is
distrust of congress.

Watson Barred Out.

Senator Watson stood before the
main door of the house in a helpless
sort of way. There was a "call of
the house," and the door was locked.
The new man on the door could not
tell him how to get in, but a friend
coming by saw the situation and pi-
loted the West Virginia senator to the
lobby, where members were com-
ing and going at will. Watson gained
entrance without difficulty.

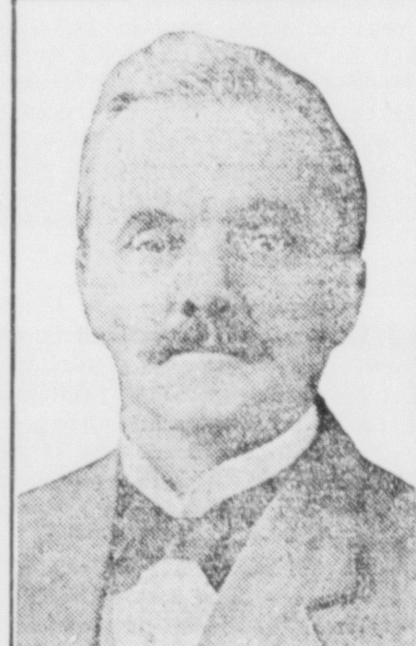

"We Never Get Old."

Two grizzled veteran employees of
the capitol and several middle aged
men met and exchanged greetings.
"I haven't seen you in many years,"
said one, "but you don't seem any
older.""We never get old," replied one of
the veterans. "It is only you younger
men that get old. We stopped growing
old many years ago."

Learning by Heart.

The art of assisting memory by
"learning by heart" was begun by
Simonde the younger in 477 B. C.

G. W. NORRIS.

Accuses Administration of
Meddling in Nebraska Fight.

NEBRASKA SENATORIAL FIGHT

Norris Accuses Administration of Tak-
ing Sides.Washington, Aug. 15.—An ugly sit-
uation is developing as a result of al-
leged interference by the administra-
tion in the senatorial situation in Ne-
braska. Representative George W.
Norris of Nebraska, who led the re-
volt in the house against Speaker Can-
non in February, 1910, is a candidate
for the seat against Norris Brown,
whose term will expire in March, 1913.Friends of Mr. Norris insist that the
administration is taking sides in the
contest. It is pointed out that James
Wilson, secretary of agriculture, has
accepted an invitation to deliver an
address at the Nebraska state fair in
Lincoln early in September.Mr. Norris concedes that it is not
unusual for the secretary of agricul-
ture to appear at state fairs, but there
is a sinister reason behind this par-
ticular visitation, according to his way
of thinking. Mr. Norris voted against
Canadian reciprocity; Senator Brown
voted to uphold this administration
measure. It has been announced that
Secretary Wilson, in his Lincoln ad-
dress, will present the beauties of Can-
adian reciprocity in glowing terms.BREAKS RECORD FOR
ONE DAY'S FLIGHTAviator Atwood Reaches Chicago
From St. Louis.Chicago, Aug. 15.—By flying the 286
miles from St. Louis to Chicago with
only two intermediate stops and in an
actual flying time of 5 hours and 43
minutes, Harry N. Atwood of Boston
believes he has set a pace which will
result in his establishing a new re-
cord.As it is Atwood appears to have bro-
ken the American record for a single
day's flight. The best previous Amer-
ican record was made by Atwood him-
self when he flew 148 miles, from At-
lantic City to Baltimore, July 10, 1911.
The best international cross country
record is held by Andre Beaumont,
who in the Paris-Rome contest cov-
ered 401 miles in a single day, but he
made three landings, while Atwood
landed only twice between start and
finish.Atwood, in a Burgess-Wright bi-
plane, left St. Louis for New York at
8:05 a. m. He landed in Chicago at
6:10 p. m. His total time between St.
Louis and Chicago, counting the de-
lays occasioned by the two stops, was
10 hours and 14 minutes, but his ac-
tual time in the air, computed by de-
ducting the delays, was 5 hours and
43 minutes. This, Atwood asserts, is
3 hours and 12 minutes less than the
scheduled time for express trains for
the same distance.

HEAT FELT IN THE ARCTIC

No Ice in Bering Sea or Along the
Shores.Washington, Aug. 15.—The revenue
cutter fleet in Bering sea reports the
unusual heat of the last few weeks
has been felt in the Arctic.The flagship Bear, sailing home-
ward after a three months' cruise of
approximately 10,000 miles, reported
by wireless that there is no ice in
Bering sea or along the shores of
Alaska or Siberia. Such condition has
not been observed for several years.

An Extenuating Circumstance.

Rector—Ah, my dear Mr. Cumming,
glad to see you—glad to see you! But
why are you so rare a worshiper with
us? Cumming—Well, there's one
thing I can honestly say, doctor—yours
is the only church I ever go to.—
Brooklyn Life.

Canadian Pacific Dividends.

Montreal, Aug. 15.—The directors of
the Canadian Pacific Railway com-
pany, meeting here, declared a divi-
dend of 2 per cent on the preferred
stock and 2 1/2 per cent on the common
stock for the quarter ended June 30.
Gross earnings of the railway and
steamship lines for the last financial
year were \$104,167,808 and net earn-
ings were \$36,699,078. After paying
all dividends for the year a surplus of
\$11,873,242 is carried forward.WILEY READY TO
TAKE THE STAND

BRYAN IS ON THE LOOKOUT

Will Inquire Into Records of Presi-
dential Candidates.Columbus, O., Aug. 15.—"I intend
to devote all my time between now
and the nomination to finding out
things about the candidates for the
Democratic nomination for president,"
said William J. Bryan to a large audi-
ence here."I know all the leading men in the
party; those who hindered and those
who have helped it. When the time
comes to name the man for the can-
didacy I will not be silent."
"I am going to give the Democratic
party all the information I possess
about the prospective campaign so it
may choose the right man for the head
of the ticket," said Mr. Bryan."I am not going to mention individ-
uals now. The country has many
available men. Recently I mentioned
some of the men I believe to be tol-
erable as political candidates and I
am as glad as I was then that the
Democracy is so fortunate as to have
so many."The men whom Mr. Bryan mention-
ed some time ago did not include Gov-
ernor Harmon."I intend to devote my time to
driving plutocracy from the throne
and putting the rights of man in the
seat," he said.Mr. Bryan was the guest of the Jef-
ferson club of Columbus at a big rally
and barbecue.

DEPLORE TARIFF ACTION NOW

National Business League Would Wait
Until Board Reports.Chicago, Aug. 15.—Directors of the
National Business league at a meeting
held here adopted resolutions deprec-
ating congressional action looking to-
ward any tariff revision until the tariff
board has completed its investigation
of the different schedules and reported
to congress.The resolution endorses the policy
of President Taft in regard to tariff
revision.

INQUIRY NEARING ITS CLOSE

Committee Investigating Affairs in the
Agricultural Department Expects to
Complete Its Work Before the Ad-
journment of Congress and May
Make a Report to the House This
Session.Washington, Aug. 15.—The house
committee investigating affairs in the
agricultural department and the facts
surrounding the threatened reprimand
or removal of Dr. Harvey W. Wiley,
chief of the bureau of chemistry, ex-
pects to finish its investigation before
the adjournment of congress and if
possible make a report to the house
at this session. Dr. Wiley was ready
to take the witness stand, but Chair-
man Moss put on other witnesses.Dr. Baldwin, assistant chief of the
bureau of chemistry, who was also
slated for removal in the case involv-
ing the agreement with Dr. H. H.
Rusby of New York, completed his
testimony and sought to show the
agreement with Dr. Rusby was model-
ed upon that previously made be-
tween Secretary of Agriculture Wilson
and members of the Remsen pure food
referee board, employed on a similar
basis of pay.Dr. Baldwin declared that portion of
his correspondence which would show
this to be a fact had been omitted by
the personnel board of the agricultural
department when that body made up
the charges upon which he was recom-
mended for removal.Miss Carrie M. Davis, stenographer
to Dr. Keble, chief of the drug divi-
sion of the bureau of chemistry, testi-
fied to the severe examination to
which she had been subjected by Soli-
citor McCabe and a special agent in
the effort to discover whether Dr.
Keble had relations with drug manu-
facturing companies.

Questioned for Two Hours.

She said she was questioned in a
private room of the department in the
presence of Mr. McCabe, W. P. Walsh,
a special agent, and a stenographer.
In compliance with Mr. McCabe's in-
structions the door was locked, she
said, and she was kept before the in-
quisition for two hours. Previous to
this interview, Miss Davis said, she
had been escorted by Mr. Walsh from
Mr. McCabe's office to that of Secretary
Wilson."I have brought Miss Davis in here
for you to assure her that no matter
what the result of this inquiry her
position will not be jeopardized," Walsh
said, according to Miss Davis."Not in the least, Miss Davis," was
Secretary Wilson's reply; "the truth
is what we want. You can rest assured
you will not be molested."Dr. W. D. Bigelow testified the per-
sonnel committee in charging that an
arrangement had been entered into
with Dr. Rusby whereby the latter
was to work part of the time, but
draw an annual salary, suppressed the
correspondence showing Dr. Bigelow
was proceeding on the precedent set
by Secretary Wilson in appointing
members of the referee board.Dr. Bigelow characterized as unjust
certain criticisms by Solicitor McCabe.
"His criticisms have been so severe
and so unjust that when he thought
we had been giving out information
he issued orders that no one in the
bureau of chemistry should tell any-
thing to United States attorneys who
are prosecuting pure food cases," said
Dr. Bigelow. "The restriction greatly
hampers work at the district labora-
tories, where United States attorneys
often want to talk over a case with
the chief of the local laboratory."

AMUSEMENT PARK IS BURNED

Bath Lockers Threatened Men and
Women Dress on Street.Cincinnati, Aug. 15.—Fire thought
to have originated from a pan of
grease in the kitchen of the club-
house at Chester park, an amusement re-
sort on the northern boundary of the city,
destroyed many amusement buildings
and spread rapidly to two lumber
yards adjoining. Three hours after
the flames were discovered the loss
was estimated at \$175,000. A lack of
water pressure making the task of the
firemen difficult.The bathing beach lockers were
next threatened and men and women
dressed from the water in bathing co-
stumes, got their clothing from the
lockers and dressed on the street.

Wants Court Unanimous.

PIANO SELECTIONS Rendered By Miss Hazel Treglawn

ple of Akeley, Walker and Bagley are much agitated over the visit.

Apples will be an enormous yield the county over this year, and in this section of Minnesota the potato crop will be up to the average. Potatoes and apples are assured the northwest.

The city of St. Cloud is congratulating itself on the fact that there is over \$68,000 in its treasury and every fund in a healthy condition. That is a condition to be wished for in every community.

Crookston has ordered in sixteen blocks of street paving, believing that the improvements of the streets is one of the best methods of making the city attractive to strangers as well as home people, and an advantage which people looking for a permanent location will not overlook. There is many a city in Northern Minnesota that could well afford to copy Crookston's example.

A bill has been introduced in the Norwegian parliament providing that no marriage shall be performed unless the prospective bride has previously obtained a certificate attesting a satisfactory knowledge of cooking, laundry and dress-making, and the chances of the bill becoming a law are said to be good. A man with a wife who carries a certificate like the above never need fear a hard winter.

The Walker Pilot says that Congressman Lindbergh imagined that he was going to create quite a smoke with his investigation of the money trust. His dream took him into the committee room to get favorable consideration of his resolution, and then his pipe went out. The committee decided to put the matter over until next session. It is hinted that the investigation was side-tracked by Sixth district editors who had no desire to be exposed by their congressman.

Senator Works, who represented the Mankato district in the legislature and who voted against reappointment at the last session of that body, wants to be a candidate for congressman-at-large from Minnesota at the next election. There are a whole lot of voters in northern Minnesota who are waiting for a chance to vote and work against any man who opposed giving them just representation in the legislative body. And then Senator Works is apologizing for his vote on the question and his apology makes him more ridiculous than ever.

W. E. Verity has returned from Oklahoma, where he has conducted a daily paper for some time, and has again entered Minnesota journalism having purchased the Wadena Pioneer-Journal, the property of the late Charles Eastman. Mr. Verity will be received by his old newspaper friends with open arms and he will give the people of Wadena and the surrounding country a paper that they will all appreciate. He is a past master in the political line and the Pioneer-Journal will be a potent factor in the shaping of the destinies of aspirants for office in that section of Minnesota. "Billy" Verity has always insisted on taking a hand in the game and he now has an excellent field to exercise his talent on. The new proprietor has the best wishes of The Dispatch.

"The Store of Quality"

The only sure way of being sure of getting good quality is to go where there's nothing else to be had. Quality at Murphy's Smart Shop always, regardless of the price exacted. Things are pretty lively around here these days; we're stirring them up strong. This most interesting sale of Ladies' classy Suits and Coats at one-half price is having its effect; Ladies who know buy two or more suits, too good to miss. Just a few left but we must say goodbye to every one of them.

"Unadvertised Bargains" are available in every department this week and you will have to visit our store and look them over.

See that lot of ladies' colored hose on sale at only 9c a pair.

Placing of Sign Board

The Akeley Herald says: The placing of sign boards on the roads between Akeley and Brainerd appears to have resulted in a general agitation for guide boards in all parts of the state. R. F. Pray, of this city, has received a letter from Mayor Dunn, of Brainerd, stating that guide boards will be placed between Brainerd and Little Falls, after which a map will be furnished showing the route. The map will then be sent to Akeley to have the Akeley-Brainerd route placed on the map, which will be published and copies distributed free. Akeley has been assisting Park Rapids to make that village the gateway to the Itasca State park, by having the name of Park Rapids placed on the sign boards. The Herald-Tribune does not note a reciprocal tendency in the inauguration of sign boards from Detroit, Wadena, and other towns to Park Rapids and the Park, through to Akeley and the Twin Cities.

"Pussyfoot" Johnson has dropped in on the north country and the people of Akeley, Walker and Bagley are much agitated over the visit.

ple of Akeley, Walker and Bagley are much agitated over the visit.

Apples will be an enormous yield the county every this year, and in this section of Minnesota the potato crop will be up to the average. Potatoes and apples are assured the northwest.

The city of St. Cloud is congratulating itself on the fact that there is over \$68,000 in its treasury and every fund in a healthy condition. That is a condition to be wished for in every community.

Crookston has ordered in sixteen blocks of street paving, believing that the improvements of the streets is one of the best methods of making the city attractive to strangers as well as home people, and an advantage which people looking for a permanent location will not overlook. There is many a city in Northern Minnesota that could well afford to copy Crookston's example.

A bill has been introduced in the Norwegian parliament providing that no marriage shall be performed unless the prospective bride has previously obtained a certificate attesting a satisfactory knowledge of cooking, laundry and dress-making, and the chances of the bill becoming a law are said to be good. A man with a wife who carries a certificate like the above never need fear a hard winter.

The Walker Pilot says that Congressman Lindbergh imagined that he was going to create quite a smoke with his investigation of the money trust. His dream took him into the committee room to get favorable consideration of his resolution, and then his pipe went out. The committee decided to put the matter over until next session. It is hinted that the investigation was sidetracked by Sixth district editors who had no desire to be exposed by their congressman.

Senator Works, who represented the Mankato district in the legislature and who voted against reapportionment at the last session of that body, wants to be a candidate for congressman-at-large from Minnesota to at the next election. There are a whole lot of voters in northern Minnesota who are waiting for a chance to vote and work against any man who opposed giving them just representation in the legislative body. And then Senator Works is apologizing for his vote on the question and his apology makes him more ridiculous than ever.

W. E. Verity has returned from Oklahoma, where he has conducted a daily paper for some time, and has again entered Minnesota Journalism having purchased the Wadena Pioneer-Journal, the property of the late Charles Eastman. Mr. Verity will be received by his old newspaper friends with open arms and he will give the people of Wadena and the surrounding country a paper that they will all appreciate. He is a past master in the political line and the Pioneer-Journal will be a potent factor in the shaping of the destinies of aspirants for office in that section of Minnesota. "Billy" Verity has always insisted on taking a hand in the game and he now has an excellent field to exercise his talent on. The new proprietor has the best wishes of The Dispatch.

POLICE COP FIRST RAISE IN WAGES

City Employees are Wondering Who Will be Next to Feel the Wave of Prosperity

FORCE TO BE INVESTIGATED

Council at Adjourned Session Last Evening Gives Many New Ordinances First Reading

Wages of the police were raised \$5 month at the adjourned session of the council last night, the wave of prosperity to commence August 1st. This motion for higher pay was fathered by Alderman Henning and seconded by Alderman Webb and was unanimously passed. Then, probably as an antidote, Alderman Webb and Lagerquist put through a motion that a committee be appointed to confer with the mayor and the police committee to investigate the police force and to report on its efficiency. On this committee resident Rowley appointed Messrs. Webb, Henning and Purdy.

The council confirmed the mayor's appointment of Henry Squires as policeman of the newly established patrol district in Southeast Brainerd. The bond of City Treasurer A. M. psahl was approved. A letter from apt. K. M. Nicles, of the Northern Pacific railway, regarding the requested installation of railway crossing gates and lights was read. Mr. Nicles wrote that he had referred the matter to the management for consideration. The city clerk was instructed to acknowledge receipt of Mr. Nicles' letter and to thank him for the steps taken so far.

The resolution ordering the clerk to advertise for bids for the paving of North Fifth street was, on motion, laid on the table, where it may decline indefinitely.

A communication from the railway officials regarding the lease of certain lands on the right of way of the general sewer to the ravine, was, on motion, referred to the city engineer. The railway company specified a 48 inch sewer and the council only desired a 36 inch sewer.

A large number of new ordinances hereinafter mentioned received their first reading. Ordinance No. 243, that commencing June 10, 1912, all liquor licenses were to bear late July 1st. This ordinance is submitted in order to make all liquor licenses commence at the same date each year and to do away with the continual letting of licenses at all times during a year. In this matter of reform Brainerd will be adopting the system in vogue in Duluth, Superior, St. Paul and other large cities.

Ordinance No. 244 made a change in the personnel of the board of sinking fund commissioners, Louis Stallman and Jud Wright succeeding the commissioners Felix Graham and John Carlson.

Ordinance No. 245 amended ordinance No. 230, establishing sewer district No. 4.

Ordinance No. 246 related to the use of streets, alleys and public grounds by children.

Ordinance No. 247 related to sidewalks and does away with the construction of any more wooden walks.

Ordinance No. 248 related to the running at large of cattle, sheep, mules, goats, etc. One councilman objected that it did not cover chickens and dogs and on motion the ordinance was referred to the ordinance committee who will look up the status of chickens and dogs.

Ordinance No. 249 orders the establishment of a board of health and defines its powers and duties.

The sewer bids for the installation of lateral sewer A1, A2 and A3 were opened. There were three bidders, Slipp-Gruehagen Co., of this city; the Pastoret-Lawrence Co., of Duluth; William B. Bosworth, of Ada.

On motion the bids were opened and read and were as follows:

The following is the bid of Pastoret Lawrence Co.:

A1.
765 feet 10 inch sewer pipe, per lineal foot 90
Manholes, each 45.00

The following is the bid of Slipp-Gruehagen Co.:

A1.
765 feet 10 inch sewer pipe, per lineal foot 85
Manholes, each 45.00

"MICHAEL'S"

"MICHAEL'S"

MAY RE-ASSESS CITY OF BRAINERD

County Auditor J. F. Smart Summoned This Morning to Appear in St. Paul Before the

STATE TAX COMMISSION

Alleged That Brainerd is Assessed Altogether Too Low in the Money and Credits Line

County Auditor J. F. Smart received a telegram late yesterday afternoon requesting his immediate attendance at the sessions of the Minnesota state tax commission meeting in St. Paul and Mr. Smart left on this morning's early train to attend the meeting.

It is said that the commission thinks the assessment returned for Brainerd is altogether too low, almost the lowest in the state and that it is alleged that a re-assessment for this city is highly probable.

Fault has been found with the returns made which embrace the moneys and credits and it is claimed that the average is too low for such a prosperous town as Brainerd.

The result of the conference will be awaited with interest, as should the board desire a re-assessment it will require considerable labor and it will also be a difficult matter to find an assessor who cares to take up such a work.

LEAVES FOR MINNEAPOLIS

Mrs. Anna Lord, Telegraph Operator of the Western Union, Goes to Larger Office

Mrs. Anna Lord, formerly of Chicago, who was employed as an operator for several months at the local office of the Western Union, left today for Minneapolis, having been recently transferred to the larger office.

Mrs. Lord has had many years experience in handling a key and is noted as being one of the best telegraph and typewriter experts on the system. She had many years experience in Chicago where she was employed at the main office on Jackson street. Business men and others regret to see her leave Brainerd and her many friends wish her success in her new field.

Moorhead 7, Wadena 1

Wadena was defeated by Moorhead last Sunday by the score of 7 to 1. The batteries for Wadena were Schultz and Compeau; for Moorhead, Sherwood and Russness.

At the Grand

Especially mention must be made of the beautiful pictures shown at the Grand the first part of this week. They include the full set of films showing the coronation parade which took place when George V was crowned. In the parade are shown the "beef eaters," the delegation from India, foreign guests, King George and his royal carriage, the Prince of Wales, the life guards, John Hays Hammond, the ambassador of the United States, members of the royal family, Lord Roberts and Lord Kitchener and many other notables. The return to Buckingham palace is also shown and the parade pictures will prove of great interest to many who have heard or read about the coronation.

At the Empress

The Empress showed five good films at its last performance ranging from Mexican war pictures and western drama to two very comic ones entitled "Cupid's Joke" and "Misplaced Jealousy." Miss Grace K. Carlton sings the photo songs in a very pretty manner and her voice pleases the large audiences.

Don't fail to hear this, the greatest question of the day discussed and explained by one thoroughly competent to treat the subject from a practical and scientific standpoint.

LADIES ESPECIALLY INVITED Admission Free

DEATH TAKES THREE

Martin Johnson Newgord, Karl Lindstrom and Miss Hattie Markee Pass Away

Three deaths recently recorded show the grim reaper death, has been busy in Brainerd and its vicinity.

Martin Johnson Newgord, of 206 Kingwood street, passed away Monday afternoon at three o'clock, his death being due to tuberculosis. He was born in the year 1853 and has lived in Brainerd many years. The deceased leaves a wife. The body will be shipped to Belmont, Iowa, for burial.

Karl Lindstrom, of 1205 14th St., Southeast, passed away August 13 from an attack of pneumonia. He leaves a wife. The funeral was held this afternoon at two o'clock from the residence.

Miss Mattie Markee, aged 28, the daughter of Mr. and Mrs. Alex Markee, died at Minneapolis from typhoid fever and the body will arrive in Brainerd this evening. No funeral announcement has been made.

PRESIDENT VETOES STATEHOOD BILL

Special to The Dispatch:—

Washington, Aug. 15, 1911.—

President Taft in a special message

to the house of representatives today

vetoed the joint resolution providing

for the admission of New Mexico and

Arizona to statehood. His reason

for exercising the executive power

of veto is based on his thorough dis-

approval of the recall of Judges

Clause in the Arizona constitution.

The fact that New Mexico's statehood

was bound up with that of Arizona,

meted out to her the same fate.

NEW LEGAL FIRM

W. W. Barron of this City, and C. A. Russell, of Superior, Wis., Form a Partnership

Russell & Barron is the name of a new legal firm which was recently launched in the business world and the partnership is composed of W. W. Barron of this city, and C. A. Russell, of Superior, Wis.

Mr. Barron was formerly associate editor of the Keef- Davidson law book publishing company and upon establishing himself in Brainerd several months ago he attracted much notice by his defense of Erick Maki. He has shown himself an apt trial lawyer and will also make a specialty of mining law.

C. A. Russell is a Wisconsin attorney who has practiced many years in Superior and he has made a specialty of real estate and corporation law. Mr. Russell has held prominent offices in Superior, being at one time city statistician and also secretary of the old commercial club.

Set the world talking, but Paul Mathulka, of Buffalo, N. Y., says he always keeps at home the King of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists. tts

WHAT THE POLICE SAID

How Would You Feel if Somebody Raised Your Pay \$5 a Month Unasked For

Policemen of the city were astonished at the generosity of the city council last night when their pay was raised \$5 per month commencing August 1st.

When Chief of Police Ridley was asked to express his views about the matter he staid himself first by grabbing the desk of the city clerk in order to recover from his surprise and said: "Go 'way," to the city clerk. "I don't believe it. Who'd have thought it! And a five dollar raise and when does it take effect?"

When Patrolman Barney was asked to give his impressions about the chunk of prosperity which had hit the force he was so surprised he could only say: "Who in blazes would have thought of that?"

It didn't take long for the news to percolate through the different wards to reach the other guardians of law and order in this city and the action of the council was received with universal approbation and each man registered a vow to give the city in extra efficiency and good service more than enough to repay the city fathers for the increase awarded.

TO HAVE CASH MARKET FOR WHEAT

Arrangements Perfected Whereby Champlin Milling Co. Will Buy Wheat From Farmers

TAKE OVER FRONT ST. MILL

Electric Motor to be Put in to Grind Feed—A Car Load of Flour on Way to Mill

Arrangements have been perfected recently whereby the Champlin Milling Co., will occupy the mill on west Front street and will establish a cash market for the farmers' wheat, rye, oats and other grains. The need of this has been felt for a long time and the advent of this company in Brainerd will be good news to many farmers of the county and the vicinity of Brainerd.

An electric motor will be installed for the purpose of grinding feed. The mill will not be used for grinding flour. This will be shipped in and exchanged with the farmers when desired for wheat. A car load of this flour is now on the way to the mill.

H. C. Johnson, of the Champlin Milling Co., has been in the city several days attending to the arrangements.

Thirty Years Together

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequalled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. Trial bottle free. Guaranteed by all druggists. tts

To the Patrons of the H. H. Baker Meat Market

We, the undersigned successors to Mr. Baker earnestly request your continued patronage, and shall endeavor to serve you to the best of our ability with good meats, kept in clean, sanitary condition.

Respectfully,
G. S. McCULLOCH & SONS.

Attack Like Tigers

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists. tts

Notice

There will be no services in the Peoples Congregational church next Sunday, August 20, owing to the church floors being repainted.

Accused of Stealing

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the pain from sores of all kinds—the distress from the boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists. tts

Mr. Yule's New Play

We have come to look for Mr. William Yule each season, and a season without seeing this capable and eminent young comedian, would be indeed incomplete for theatre-goers. This years he has added a new play to his repertoire—"The Rivals," by Richard Brinsley Sheridan. "The Rivals" makes a very particular appeal to English-speaking people as it is by one of the most brilliant of all English dramatists, and reflects the manners and dress of a period when England was most alluring and picturesque.

The plot of the comedy is exceed-

POLICE COP FIRST RAISE IN WAGES

ity Employees are Wondering Who Will be Next to Feel the Wave of Prosperity

ORCE TO BE INVESTIGATED

council at Adjourned Session Last Evening Gives Many New Ordinances First Reading

Wages of the police were raised \$5 month at the adjourned session of the council last night, the wave of prosperity to commence August 1st. This motion for higher pay was fathered by Alderman Henning and seconded by Alderman Webb and was unanimously passed. Then, probably as an antidote, Alderman Webb and Lagerquist put through a motion that a committee be appointed to confer with the mayor and the police committee to investigate the police force and to report on its efficiency. On this committee President Rowley appointed Messrs. Webb, Henning and Purdy.

The council confirmed the mayor's appointment of Henry Squires as patrolman of the newly established patrol district in Southeast Brainerd. The bond of City Treasurer A. M. Pahl was approved. A letter from Capt. K. M. Nicles, of the Northern Pacific railway, regarding the requested installation of railway crossing gates and lights was read. Mr. Nicles wrote that he had referred the matter to the management for consideration. The city clerk was instructed to acknowledge receipt of Mr. Nicles' letter and to thank him for the steps taken so far.

The resolution ordering the clerk to advertise for bids for the paving of North Fifth street was, on motion, laid on the table, where it may remain indefinitely.

A communication from the railway officials regarding the lease of certain lands on the right of way of the general sewer to the ravine, was, on motion, referred to the city engineer. The railway company specified a 48 inch sewer and the council only desired a 36 inch sewer.

A large number of new ordinances hereinafter mentioned received their first reading. Ordinance No. 243, dated that commencing June 10, 1912, all liquor licenses were to bear date July 1st. This ordinance is submitted in order to make all liquor licenses commence at the same date each year and to do away with the continual letting of licenses at all times during a year. In this matter of reform Brainerd will be adopting the system in vogue in Duluth, Superior, St. Paul and other large cities.

Ordinance No. 244 made a change in the personnel of the board of sinking fund commissioners, Louis Stallman and Jud Wright succeeding the commissioners Felix Graham and John Carlson.

Ordinance No. 245 amended ordinance No. 230, establishing sewer district No. 4.

Ordinance No. 246 related to the use of streets, alleys and public grounds by children.

Ordinance No. 247 related to sidewalks and does away with the construction of any more wooden walks.

Ordinance No. 248 related to the running at large of cattle, sheep, mules, goats, etc. One councilman objected that it did not cover chickens and dogs and on motion the ordinance was referred to the ordinance committee who will look up the status of chickens and dogs.

Ordinance No. 249 orders the establishment of a board of health and defines its powers and duties.

The sewer bids for the installation of lateral sewer A1, A2 and A3 were opened. There were three bidders, Slipp-Gruehagen Co., of this city; the Pastoret-Lawrence Co., of Duluth; William B. Bosworth, of Ada. On motion the bids were opened and read and were as follows:

The following is the bid of Pastoret-Lawrence Co.:

A1.	765 feet 10 inch sewer pipe, per lineal foot	.85
Manholes, each		45.00
The bid of Wm. B. Bosworth is as follows:		
A1.	765 feet 10 inch sewer pipe, per lineal foot	.89
Manholes, each		65.00
A2.	The following is the bid of the Pastoret-Lawrence Co.:	
1291 feet 10-inch sewer pipe, per lineal foot		\$ 1.04
366 feet 8-inch sewer pipe, per lineal foot		.70
4 1/2 manholes		50.00
Two lampholes		8.00
The following is the bid of Slipp-Gruehagen Co.:		
A2.	1291 feet 10-inch sewer pipe, per lineal foot	\$ 1.00
366 feet 8-inch sewer pipe, per lineal foot		.75
4 1/2 manholes		50.00
Two lampholes		5.00
The following is the bid of Wm. B. Bosworth:		
A2.	1291 feet 10-inch sewer pipe, per lineal foot	\$ 1.09
366 feet 8-inch sewer pipe, per lineal foot		.84
4 1/2 manholes		66.00
Two lampholes		7.00
The following is the bid of the Pastoret-Lawrence Co.:		
A3.	1291 feet 10-inch sewer pipe, per lineal foot	\$ 1.13
366 feet 8-inch sewer pipe, per lineal foot		.90
4 1/2 manholes, each		52.00
Two lampholes, each		9.00
The following is the bid of Slipp-Gruehagen Co.:		
A3.	1291 feet 10-inch sewer pipe, per lineal foot	\$ 1.10
366 feet 8-inch sewer pipe, per lineal foot		.80
4 1/2 manholes, each		50.00
Two lampholes, each		5.00
The following is the bid of Wm. B. Bosworth:		
A3.	1291 feet 10-inch sewer pipe, per lineal foot	\$ 1.04
366 feet 8-inch sewer pipe, per lineal foot		.89
4 1/2 manholes, each		66.00
Two lampholes, each		7.00

Mr. Bosworth asked that his check be returned to him and to avoid any legal technicalities the council rejected his bid and returned his check. A motion then carried that the council take up the sewer bids next Monday evening, August 21, at 7:30.

The bill of Florian Senti for \$16.87, for taking care of a diphtheria patient was promptly allowed. Mr. Senti had done his work cheaply and well and no further argument was had over any items mentioned.

The city engineer was ordered to look up the taxes on block 19 in Farar & Forsythe's addition and report at the next meeting.

Alderman Henning called attention to the alleged abusive crowd which sometimes congregated about the sidewalk near Walker hall when a dance was given and on motion the city clerk was ordered to write the mayor and call his attention to it.

Alderman Henning asked the city attorney what could be done to prevent the Toltz Co. live up to its contract in the furnishing of light and was told that this was a matter under the jurisdiction of the water and light board.

President Rowley said that the large engine was being thoroughly overhauled and that parts of it lay on the floor when he visited the power house and that the work of inspection and overhauling would probably result in better service.

On motion, the council adjourned.

Catarrah Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials free.

EDISON'S TRIP ABROAD

HIS FIRST IN 22 YEARS.

The Inventor Says He Goes For a Rest and to Worry.

For the first time in twenty-two years Thomas A. Edison is making a European trip. With him went his son, Charles, and in London Mrs. Edison and their daughter, Miss Madeleine, will join them. The family will make an automobile tour of the continent and will pass seven weeks in the jaunt.

"Have you anything new up your sleeve?" he was asked before sailing. "No," he replied. "I have just finished something new. My talking pictures are complete. Two hundred sets of them have been made, and they are wonderful."

Mr. Edison had been working for some time upon a device to make the moving picture machines and the phonograph take each other's hands and furnish a combined entertainment.

"I shall not lecture while abroad," he continued. "I am going for a rest, and if I meet any of the distinguished persons of the other side it will be quite by accident. You know, I want to go away and worry for awhile. You see, over here I have been too busy to worry, and I had to cut my usual Florida trip in the winter for work. Now I am going to worry a little for a change."

"Are you working with the aeroplane any?"

"No, I am not. Thirty years ago I took up the aeroplane, but could not get an engine that would do the work. I did invent an engine. I made one with gun cotton as the explosive instead of gasoline. Since then I have never fooled with the subject."

PENSIONS FOR AGED.

Berger Would Aid All With Income of Less Than \$6 Per Week.

A bill to pension the "veterans of industry" was introduced in the house by Victor L. Berger, Socialist member from Wisconsin. Attached to the measure is a radical clause forbidding the supreme court of the United States to pass upon its validity.

The bill provides for a pension of \$1 to \$4 a week for every person more than sixty years old who has an income of less than \$6 a week.

"The old working men and working women," declared Mr. Berger, "are entitled to a living outside of the poorhouses and without the aid of private charity. If the old parties and the supreme court do not realize that fact they will be wiped out of existence, together with the old constitution."

It is the belief of the Socialist representative that his old age pension bill is constitutional.

"But some of the capitalistic supreme court justices may hold different opinions," he said. "The bill furnishes a good opportunity for testing the power of the federal courts to annul necessary legislation passed by congress."

Mr. Berger asserts that through a thousand ways the country spends a greater amount to relieve the destitution of the aged than his bill asks for. "It is time now," he says, "that we meet the problem in a scientific and economical way."

A Scotch Answer.

A good story of an old crofter who appeared before the commission to apply for reduction of rent was recently told at a meeting in Glasgow. The number of cattle on the farm led Sheriff Brand to observe that surely the croft could not be in such a bad way as its owner would seek to show. "Och," replied the old fellow, "you should see the bit beasts." "What are they like?" queried the sheriff. "They're as lean, sir, as Pharaoh's kine." "How lean was that?" asked the sheriff, doubtless thinking that he had cornered the applicant. But had he? Not a bit. Like a flash came back the answer: "So lean, sir, that they could only be eaten in a vision."

YOU CANNOT JOCKEY

A HORSE

with poor feed. He knows its quality as well if not better than you do. Give him some of our feed and grain and see how he will go into it. See him pick up in condition, too, after you have fed him with it a few days. Good feeding pays, and the use of our feed and grain will prove it.

THE SHIP CAPTAIN

His Life Pays the Penalty if His Vessel Be Wrecked.

SAD TRAGEDIES OF THE SEA.

Brave and Skillful Mariners Who Went to Death With Heroic Calmness When Disaster Overwhelmed the Craft Committed to Their Care.

For this is the law without excuse. For all of the lords of the sea—That each must hold his ship from harm. Whatever the odds may be.

There are many tragedies of the sea that the world knows very little about, or, knowing, very soon forgets. These are the tragedies of the men whose lives have been spent in the hard and exacting service which the sea demands, whose long years of toil and zeal and skill have brought the high responsibilities of command and whose careers have been cut short by the fault of an hour—yes, even by the error of a minute.

The old rubric that those who never make mistakes have had few opportunities for making them does not apply here. There is never a voyage that does not have its possibility of error, and in many of them arise the sudden emergencies which bring the acid test of presence of mind, cool judgment, expert seamanship and skill. Let these qualities fall the master mariner in his time of need, and no matter what might have been the stress of body or brain, or of both, his professional career is at an end, if the lapse involves disaster to his ship.

There is that veteran mariner Captain Frederick Watkins. He it was who commanded the City of Paris when the old Inman liner came staggering to port with the Atlantic waves swashing about her hold and surging against her bulkheads, the result of a fog shrouded impact with an iceberg. The liner was thronged with passengers. The unforeseen danger came near to sending her and her thousand souls to the bottom, but the energy, resourcefulness and skill of her commander brought her safe to port—a deed to be long remembered.

It was remembered up to a few years ago, when a slight miscalculation on the part of Captain Watkins sent his vessel upon the Manacle rocks, on the Cornish coast. Now you may search all of the obscure places of the earth and you may not locate him.

There was the Prinzessin Victoria Luise of the Hamburg-American line, which drove hard upon the coral beach at Port Royal, in the island of Jamaica. The vessel was thronged with tourists, making a jaunt to the West Indies. Fortunately the sea was calm, and there was no difficulty in getting passengers ashore. When the last had been safely landed the captain went to his stateroom and put a bullet through his brain.

The pitiable part of it all was that he had no need to. It was not the brain he shattered that was at fault, but the Kingston earthquake, which had destroyed the lighthouse.

Captain Griffith of the Mohegan stood on the bridge of his fast sinking ship until the waters engulfed him. Deloncle of the French liner Bourgogne, sunk in mid-Atlantic by a collision with the British steamship Cromartyshire, was last seen on the bridge, with hand on whistle cord, as his vessel took the long dive. Von Goessel of the Elbe went down with his ship, standing with folded arms upon the bridge as the vessel slowly sank.

One of the saddest tragedies of the sea was the wreck of the British steamship Walerapa, which went ashore on Great Barrier Island while on a voyage from Sydney to New Zealand. As the vessel neared the entrance to the harbor of Auckland a thick fog shut in. Captain McIntosh, who commanded her, had been many years in the service of the line and was reputed to be very careful and capable, but while the steamer was groping her way through the mist it was noted that he was exceedingly nervous and depressed.

When night came the fog was so thick that the lookouts could not see half a ship's length ahead. A few minutes past midnight there was a sudden crash, which laid the steamship almost on her beam ends, disabling all of the boats on the careered side. Captain McIntosh was on the bridge at the time. A great wound which had been torn in the vessel's side showed the extent of the disaster. As soon as he realized that his ship must become a total loss the captain strode to the end of the bridge and, exclaiming "This is the last watch!" plunged overboard to his death—Walter Scott Meriwether in Munsey's Magazine.

Those Buried Treasures.

"My speech was rather lengthy, I am afraid," said the young statesman, "but I assure you that it contains numerous gems of thought."

"Perhaps," replied Mr. Growcher, "but I have never allowed myself to take the slightest interest in these stories of buried treasures."—Washington Star.

Question For Question.

Gibbs—What an aggravating habit Jones has of answering a question by asking another. Dibbs—Yes; I've noticed that. Last night I asked him if he'd lend me \$5, and he replied by asking me if I took him for a darned fool.—Boston Transcript.

He Heard Pa Tell Ma.

"Your hair isn't wet," said little Tommy to Mr. Flyer, who was calling. "No, of course not! What made you think my hair was wet?" he asked, very much surprised.

"I heard pa tell ma that you couldn't keep your head above water."

A Possibility.

He—if you don't intend to break your engagement with me why do you let Richman make you such valuable presents? She—My father advised me to accept them. He—He did! Why? She—He said if I married you they might come in handy.

ADDITIONAL LOCAL NEWS NOTES

(Continued from page 2)

A cordial invitation is extended to visitors.

Frank McGuire, the genial train dispatcher of the M. & L., has returned from a four weeks trip to Portland, Seattle, Vancouver and other western points and resumed his duties last night.

Rev. W. J. Horner, pastor of the People's Congregational church, went to Bay Lake today where he will enjoy a week's vacation. There will be no Sunday services at the church this week.

Sheriff H. W. Forier and Deputy Sheriff W. H. Hanchett, of International Falls, passed through the city today with an insane patient for Fergus Falls. Sheriff Forier says the north country is greatly interested in what "Pussyfoot" Johnson proposes to do.

The hunting season will soon be here now. Don't forget that you can rent a shot gun at King's for the few times you will go hunting this fall, cheaper than you can buy one. 58-to-82

The improvements at the Odd Fellow block will include, in addition to the alterations to the front, many changes to the basement. A tile floor will be laid in the barber shop there and a cement floor in the balance of the basement. Cement steps are to be placed in the area way leading to the shop.

If you are fatigued, try a bottle of Old Pilsener style lager beer, it is invigorating and refreshing. Order a case from the Brainerd Brewing Co., Phone 213. 304tf

The funeral of the late Mrs. George Fleischacker was held from the Catholic church at St. Mathias and Rev. Father Lamey officiated. The attendance was very large. Mr. and Mrs. Con O'Brien made the journey to the funeral in their automobile and a party of Brainerd business men headed by Mayor H. P. Dunn also attended the funeral services.

Tired Trees.

The condition of life in a tropical forest is sunlight, and to get to the top, where alone there is sunlight, is the constant aim of every tree. They have no winter's rest in the tropics, and they are so hard at work all day long that at night the trees seem quite tired out. From dawn to sunset the trees are hard at work. You can almost see some of them growing, and, as may naturally be supposed, they must have a little rest at night. The tree is thoroughly exhausted, its branches lose their stiffness, while the leaves droop and fold themselves together. Unlike those of temperate clime, the trees of the tropics all, more or less, show these signs of exhaustion toward sunset.

signature on the
package.

Delicious, wafer-like flakes, made from the choicest white corn, daintily flaked and toasted.

W. K. Kellogg**Tired Trees.**

The condition of life in a tropical forest is sunlight, and to get to the top, where alone there is sunlight, is the constant aim of every tree. They have no winter's rest in the tropics, and they are so hard at work all day long that at night the trees seem quite tired out. From dawn to sunset the trees are hard at work. You can almost see some of them growing, and as may naturally be supposed, they must have a little rest at night. The tree is thoroughly exhausted, its branches lose their stiffness, while the leaves droop and fold themselves together. Unlike those of temperate climates, the trees of the tropics all, more or less, show these signs of exhaustion toward sunset.
